### Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements that have been ratified since budget adoption, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues, and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.

# Forms to Submit with your Interim Report

The full Interim Report software package, including the cashflow and MYP, should be submitted to your SCOE Advisor by e-mail and SACS dataset submitted via SACS web applicable (see Interim Reporting manual for submission process). The following information/forms are requested:

LCFF Calculator – FCMAT Calculator ~ Use the FCMAT Calculator v23.2b version or newer, if available. It can be found at <a href="https://www.fcmat.org">www.fcmat.org</a>. Please provide an electronic copy αnd the tabs of the calculator in hard copy of the pages that were presented to the board.

**Balancing Spreadsheet** ~ Due to the change to the LCFF funding model, there is presently no mechanism or technical review check (TRC) in the SACS software which assesses State revenue. SCOE created a Balancing Spreadsheet that will assist in determining if your SACS LCFF revenue sources tie with your LCFF Calculator, Escape, and Multi-year projection. The document can be found at http://www.scoe.org/pub/htdocs/fiscal-forms.html.

Combined District and Charter School Enrollment and ADA Data ~ For districts with conversion charter schools included in the General Fund, please consider completing a spreadsheet which combines District and conversion charter school enrollment and ADA data to provide a complete picture of the students affecting the general fund. Unduplicated count information can also be chronicled to offer a comprehensive look at the District. A sample worksheet template can be found at: <a href="http://www.scoe.org/pub/htdocs/fiscal-forms.html">http://www.scoe.org/pub/htdocs/fiscal-forms.html</a> and is called LCFF Enrollment ADA.

Cashflow ~ Statement (SACS form, SCOE's template, or LEA's own form), include assumptions!

**Multi-Year Projection** ~ Worksheet with narrative/justifications/assumptions (SACS software form, SCOE's template, or LEA's own form). The MYP must report unrestricted, restricted and combined totals.

Narrative and budget assumptions, as submitted to your Board.

Narrative of Special Funds, if not included in the items above (DISTRICT only).

AB2756 Reporting Requirements form, found at <a href="http://www.scoe.org/pub/htdocs/fiscal-forms.html">http://www.scoe.org/pub/htdocs/fiscal-forms.html</a>.
