Public comment on any item of interest to the public that is within in the Board's jurisdiction will be heard. The Board may limit comments to no more than 5 minutes each pursuant to Board policy. Public comment will be allowed on each specific agenda item prior to Board action thereon.

4. Items Scheduled for Discussion With Action

4.1 Approval of Expanded Learning Opportunities Grant

5. Adjournment

Next Regular Board Meeting
Wednesday, June 09, 2021 Public Hearings 4:00pm

Expanded Learning Opportunities Grant Plan

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Kashia School District	Frances Johnson, Superintendent/Principal	fjohnson@scoe.org/707-785-9682

The following is the local educational agency's (LEA's) plan for providing supplemental instruction and support to students, including those identified as needing academic, social-emotional, and other supports, including the provision of meals and snacks. The plan will explain how the LEA will use the funds it receives through the Expanded Learning Opportunities (ELO) Grant to implement a learning recovery program for at least the students included in one or more of the following groups: low-income students, English learners, foster youth, homeless students, students with disabilities, students at risk of abuse, neglect, or exploitation, disengaged students, and students who are below grade level, including, but not limited to, those who did not enroll in kindergarten in the 2020–21 school year, credit-deficient students, high school students at risk of not graduating, and other students identified by certificated staff.

We will use this grant to help with needs and concerns brought forth by the parents, teachers and students. COVID was an especially challenging time for students, all of whom live on the Kashia Pomo Reservation in Stewarts Point, CA. Without internet in the homes, students were taught one-to-one consultations on a daily basis. Teachers worked overtime to prepare individual lessons. Even so, students will need extra academic support during the 2021-22 school year. We plan to use the majority of the funds for additional classroom support including teacher/parent assistants, ELA materials and mental health support. We will improve school technology, including headsets for all students. This will facilitate individualized enrichment curriculum. As a part of our long range goal of creating a Wellness Program, some funds will be used to provide opportunities for outdoor instructional curriculum including physical education, science/environmental studies and Native American Cultural Arts. On behalf of Kashia School Board, parents, teachers and students, we would like to say thank you for your support in bringing quality education to our Native American Students.

Plan Descriptions

A description of how parents, teachers, and school staff were involved in the development of the plan.

At Kashia School we have regular contact with parents and communicate with teachers, staff and students daily.

A description of how students will be identified and the needs of students will be assessed.

Many of our students have IEP's, others have an need for mental/emotional support. All of our students need academic support to make up for the gap created by COVID.

A description of how parents and guardians of students will be informed of the opportunities for supplemental instruction and support.

Parents have already expressed needs mentioned in the Plan Description. When we receive the grant, we will inform them which of their suggestions can be met.

A description of the LEA's plan to provide supplemental instruction and support.

We will hire additional classroom staff/parent assistants to facilitate individual and small group instruction. We will purchase additional materials for ELA and technology.

Expenditure Plan

The following table provides the LEA's expenditure plan for how it will use ELO Grant funds to support the supplemental instruction and support strategies being implemented by the LEA.

Supplemental Instruction and Support Strategies	Planned Expenditures	Actual Expenditures
Extending instructional learning time	\$20,000 (more teacher support in the classroom to facilitate accelerated progress)	[Actual expenditures will be provided when available]
Accelerating progress to close learning gaps through the implementation, expansion, or enhancement of learning supports (ie. books/visual programs/black out shades)	\$5,000 (enrichment ELA materials)	[Actual expenditures will be provided when available]
Integrated student supports to address other barriers to learning	\$3,000 (technology support)	[Actual expenditures will be provided when available]
Community learning hubs that provide students with access to technology, high-speed internet, and other academic supports (tribal member to teach programs to parents)	\$2,000 (Community learning hub led by parent assistant living on the reservation)	[Actual expenditures will be provided when available]
Supports for credit deficient students to complete graduation or grade promotion requirements and to increase or improve students' college eligibility	\$1,000 (support as identified by teacher)	[Actual expenditures will be provided when available]

Supplemental Instruction and Support Strategies	Planned Expenditures	Actual Expenditures
Additional academic services for students	\$1,000 (as identified by classroom teacher and resource teacher)	[Actual expenditures will be provided when available]
Training for school staff on strategies to engage students and families in addressing students' social-emotional health and academic needs (assistance from Tribe requiring mandatory school attendance for students living on the reservation)	We hope to receive support through the Tribe.	[Actual expenditures will be provided when available]
Total Funds to implement the Strategies	\$31,000	[Actual expenditures will be provided when available]

A description of how ELO Grant funds are being coordinated with other federal Elementary and Secondary School Emergency Relief Funds received by the LEA.

Most of our federal Emergency Relief has already been used for PPE. We will continue to have this need for the rest of the school year so I expect the Extended Learning Opportunity Grant to be a stand alone grant. If there are any surplus funds they will be utilized for the Plan described above.
